

THE DOOMOO BABY BEAN BAG

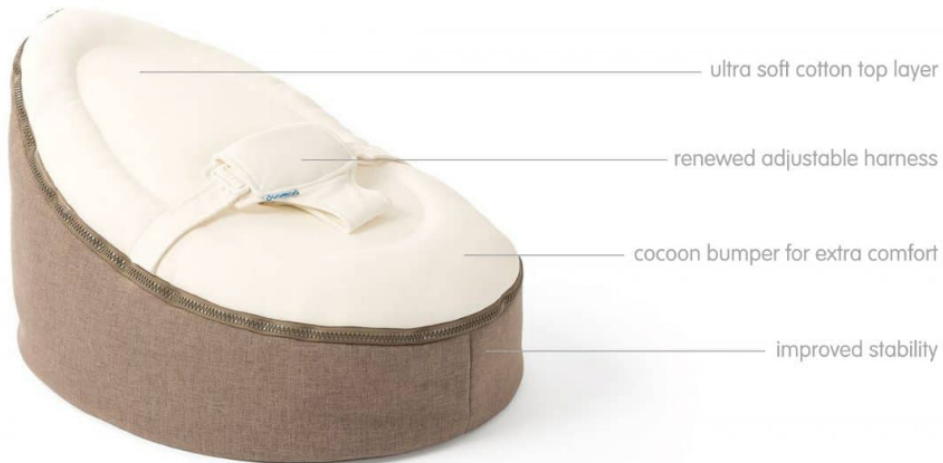

The Doomoo range is the real and recognised brand for babies and is distributed by Medicare in County Wicklow. Beanbags.ie is an approved seller of these wonderful baby bean bags to hospitals, crèches and expecting mothers throughout Ireland. Doomoo is the original, unrivalled in comfort, quality, design and safety for babies.

The Doomoo has been designed with your baby in mind and boasts a number of unique features. For instance, all Doomoo seats feature two seat covers so that your seat can grow with your baby. For the first few months you can use the covering with plastic safety clasps top ensure that the baby doesn't slip or fall from the bag. As the baby outgrows this feature you can remove the cover and replace with a plain cover with no clasps. The bean bag then works just like a normal bean bag. The base of the bag is flat and solid so that the bean bag can be placed safely on a surface without a risk of rolling and falling.

Add the Doomoo Arch and Swing and your baby will be in Doomoo bliss!

The full DOOMOO range is on display in our Dunboyne showroom and can be collected from there or delivered free of charge.

Key Features:

Safety clasp for security

Flat Stable Design

The Doomoo range is designed with your baby's enjoyment and safety in mind, and the adaptable design of this bean bag means it can stay with them as they grow. Ultra-soft fabric and polystyrene micro balls combine to make a bean bag that provides the utmost in comfort to your baby.

The Doomoo Seat comes with an interchangeable double layer. The first layer, detachable with an easy zip, comes with a safety harness that protects your newborn and keeps them comfortable in either a sitting or reclining position.

The second layer, without the harness, lets your child mould the seat to suit them as they grow older and are more able to sit up and relax by themselves.

Both layers are made of 95% cotton, so your little one gets softness and comfort, and can also be machine washed, so you don't have to worry about any spills. The base of the seat, while not machine washable, is easily wiped clean with a damp cloth.

The Doomoo range also offers accessories to help keep your child relaxed in their bean bag. The Doomoo Arch keeps your baby stimulated with colourful toys on an adjustable arch, while the Doomoo Swing rocks your baby to sleep with gentle movements.

The lightweight design of the Doomoo range provides a softness and comfort that can't be matched, while the mouldable micro balls work to support your child at any age. Available in a selection of colours, this baby bean bag is ideal for any child, newborn or toddler.
