

## Dogbeds

Your dog is just as much a part of your family as you are, so why not make them as comfortable as you? Our range of dog beds provide the perfect place for your best four-legged friend to rest their head.

Made from hard-wearing polyester, our Happy Pig range is ideal for withstanding a dog's rough play and can be easily wiped clean with a damp cloth; handy if you have a particularly mucky puppy. Generously filled with polystyrene beans, these dog beds make it easy for your dog to relax and sleep.

If your furry friend prefers something a bit softer, the Fatboy doggie beds are made from 100% stonewashed cotton, making them a cosy and comfy place for your dog to snuggle up. The inner bag makes removing and refilling the beans a breeze, as well as making the cover easier to wash, and also gives the beans an extra layer of protection against curious claws. Each Fatboy bean bag can also be customised with your dog's name to make it extra special.

All of our doggie bean bags are both dirt and water repellent so you don't have to worry about them getting ruined by the inevitable dirty paw prints or food stains. Each dog bed is available in a range of colours to suit your home, as well as a selection of sizes to make sure any dog from Jack Russell to Labrador can relax and stretch out in comfort.

Treat your dog to the comfort they love with one of our bean bag doggie beds and let them relax and sleep in style. You might even find yourself getting a bit jealous.
