

Hammocks

A hammock is the ideal outdoor seating solution for when you want to lounge in your garden with a drink and a loved one. Our range of hammocks includes Fatboy's Headdemock hammock which is the ultimate in hammock luxury.

It's made from durable polyester and is resistant to the sunlight so the colour won't fade as you relax in the sun. There's no worry about spilling a cocktail either, as this hammock is water resistant and easily wiped clean with a damp cloth or soapy water.

You'll be glad to know that the days of needing two perfectly placed trees in your garden in order to put up a hammock are gone. The Headdemock comes with a robust stand that is put together in three super simple steps. So even if your outdoor space is stuck for hammock support, you can still relax in the Headdemock.

But by far the best thing about this hammock is that it's made for sharing. You can cuddle up to your favourite person and still have room to stretch out. The Headdemock fits two people, or up to 150kg, so you can sprawl out by yourself or enjoy quality time with your family, all while chilling out in the nice weather.

Perfect for relaxing while reading a book, lazing about and enjoying being outside, or even taking a nap (we promise we won't tell), our hammocks are the utmost in comfort and luxury for the outdoors. And when the weather turns bad, simply pack it away in the storage bag provided and keep it until the sun comes out again.
