

Nylon BeanBags

As one of the most durable fabrics, nylon is a fantastic material for giving bean bags a long life. Choosing from our range of nylon bean bags means you're getting a bag that is sure to be a long lasting piece in your home.

With a nylon bean bag, you don't have to worry about your kids being too active and energetic, or a curious pet getting its claws stuck into the fabric. These bags are practically indestructible. So let your kids play as much as they want, let your pets paw around it, and let yourself relax without the worry of rips, tears, and spilt beans.

Not only is nylon almost indestructible, but it's also one of the easiest materials to clean. A simple wipe with a damp cloth will get rid of most stains, and for the rest, warm water and soap should do the job.

These bean bags are water repellent, so you're safe from spillages as well as stains. They won't absorb anything that gets spilt, so no ruined beans if you get a bit clumsy with your coffee.

Our range of nylon bean bags make the perfect seat for kids and adults alike. The Fatboy Original comes in a Junior size for when you've got little bums to seat, and the Lamzac is the perfect bean bag for lounging in your garden or bringing with you on the go.

All of our bean bags come filled with tiny polystyrene beans that contour around your body to give you the comfort and support you need to chill out, and with our huge variety of colours, you're sure to find a Nylon bean bag that matches your home.
