

Hi, I'm Lynda, and I'm an habitual knitter, so you can always find me with a pair of needles click-clacking in my hands.

I knit baby and toddler clothes, specialising in newborn to 5 years old (although, of course, if you want something made for an older child just ask, I'm happy to accommodate).

I've been knitting since I was 6 years old, when my own mother began to teach me. Since then I've been developing my skills, knitting gifts for friends and family, including for my own children. I enjoyed knitting children's clothes, so when mine grew up, I decided to share my knits with others. So Lynda's Nursery Knits was born.

I hand-knit everything from my home in Dublin and you can find them here on my website. Or feel free to come and see me at my stall in [Cow's Lane Designer Mart](#), every Saturday from 10

am - 5 pm.

I take orders and am also happy to discuss any specifics as to what you're looking for, such as a certain type of wool or a specific pattern you would like me to follow. Have a look at my [Gallery page](#) to see the kinds of items I've made, or keep an eye out for my new Products page to see what's in stock.

If you have any queries please don't hesitate to [contact me](#).
