

Cardigans

Made with comfort in mind, my knitted cardigans are a versatile addition to your baby's wardrobe. Each cardigan can be made in a range of colours to coordinate with lots of different styles and outfits, from special occasion to something more casual.

A practical essential, these adorable children's cardigans look clean and smart, and I can make them with different buttons to suit your needs. Whether a tiny newborn or a growing toddler, I have a handmade cardigan to suit.
